EDUCATION

Université de Technologie de Belfort-Montbéliard (UTBM) — Belfort, France
Engineering Degree (MSc level), Data Science track — *2022 – 2027*

- Coursework: Machine Learning, Deep Learning, Data Engineering, Statistics, Quantum Computing
- GPA **3.4/4.0**

Shanghai University (UTSEUS) — Shanghai, China
Master Semester (IE^2) and Exchange Semester — *2024 & 2026 – 2027*

- Data Science applied to market studies and IoT, entrepreneurship, intercultural management

Lycée Louis Aragon — Héricourt, France
Baccalauréat, Mathematics and Physics-Chemistry — *2019 - 2022*

- Graduated with High Honors (19/20 in Mathematics, 18/20 in Physics-Chemistry)

PROFESSIONAL EXPERIENCE

Michelin — Clermont-Ferrand, France
*Data Scientist Intern, R&D - **School GPA 4.0/4.0*** — *Sep 2025 – Feb 2026*

- Built a statistical framework benchmarking a physics solver against an AI model
- Used Explainable AI (SHAP, clustering) to expose a hidden bias in the physics solver
- Created a ranking reliability metric now used by engineers; cut calibration error by 66%

Innovation Crunch Time — Belfort, France
Team Leader — *Mar 2025 & Mar 2026*

- Led teams of 10 students in a 5-day innovation challenge (GE Vernova, HNFC hospital)

General Electric — Belfort, France
Worker Intern — *Jan 2023 – Feb 2023*

- Quality control and metrology on the 9HA gas turbine assembly line

PROJECTS

Quantum Circuit Born Machine (QCBM) | *PennyLane, Python* — *Mar 2026 – Jun 2026*

- Team of 5; quantum circuits learning probability distributions, run on real hardware for financial risk

Multi-Fidelity Deep Learning | *PyTorch, Optuna* — *Mar 2026 – Jun 2026*

- Mixed cheap low-quality and costly high-quality images: halved total cost at equal accuracy

HSK Trainer | *FastAPI, Next.js, PostgreSQL, Anthropic API* — *2025 – 2026*

- Full-stack Chinese learning app with spaced repetition and LLM grading of written answers

Physiovapp | *Next.js, Firebase, Recharts* — *2025 – 2026*

- Personal health tracking web app with real-time logging and interactive charts

SKILLS, CERTIFICATIONS & LANGUAGES

AI & Data Science: Python, Pandas, Scikit-learn, PyTorch, SHAP, LLM / RAG, LangChain
Data & Cloud: SQL, PostgreSQL, BigQuery, PySpark, Google Cloud, Power BI
Engineering: Git / GitLab, Docker, FastAPI, Next.js, C / C++, Java
Methods: Statistics, Explainable AI, Agile / Scrum (Jira), Quantum Computing
Certifications: NVIDIA (Deep Learning, LLM), Google Cloud Data Analytics, IBM Data Visualization
Languages: French (native), English (C1, Linguaskill 175/180), Chinese (HSK 3), German (A2)

HOBBIES

Chess, trail running, hiking, strength training, travel
